

LES MACK

COMPLETE ENVIRONMENTAL PROTECTION WITH CERAMIC TECHNOLOGY

Exposing your vehicle's unprotected surfaces to the natural elements will quickly add years to it's appearance. Damaging UV rays from the sun, road salt, harmful debris, and fallout in the atmosphere begin to wear down the exterior and interior surfaces. ResistAll has been leading the industry for over 35 years, providing complete environmental protection with unrivaled customer support.

ADVANCED TECHNOLOGY SUPERIOR PROTECTION

RESISTALL[®] PLUS

YOU ARE PROTECTED

ResistAll Plus provides the most comprehensive exterior and interior environmental protection package available that far exceeds the limited coverage offered by standard manufacturers' warranties. Infused with state-of-the-art ceramic technology that seals microscopic pores in the surface of the exterior clear coat and creates a hardened barrier between your vehicle's paint and the environment. Interior fabric protection encapsulates each fiber to prevent stains from setting in. While interior leather and vinyl protection keeps surfaces looking and feeling brand new.
